## Becoming Leaders And Serving Together in Christ

BLAST Co-op was started in 2022 by local West Bend homeschool families looking for social opportunities for their kids. The Co-op is organized and run by Lutheran (WELS) parents and is open to any homeschoolers grades K-8 looking to be part of a Christian family community. We strive to provide a balanced combination of Christ-centered leadership training and social skills through educational opportunities, Sports, Recreation, and Service Projects. We do not require intense parental involvement, but rather an opportunity for the homeschool parents to relax and see your child interact with their friends. Of course, parents are welcome to be as involved as they like...just not required.

Our meeting locations change each week to accommodate a growing Co-op of Washington and Ozaukee County families and we organize carpools for field trips anytime we venture outside of these counties. Parents, Grandparents, Family, and Friends are all invited to join us for special events throughout the year.

This year our focus is on:

- Building Character
- Leisure Activities
- Art Appreciation and Sign Language
- Sports & Recreation
- Trips & Tours

When: Sept-May...but registration remains open all year  
Where: We maintain a round robin of locations in Washington and Ozaukee Counties  
Time: Thursdays 1-4pm (with some exceptions)  
Fees: Annual registration fee for 2024/25 is \$65 per child and includes all supplies and field trips  
Contact: Cindy Lucht for more information or to join!
